Student Entry Requirements and Induction

Berry Street RTO conducts a comprehensive Pre-Training Review for all prospective students to determine whether a course is suitable and appropriate for their individual needs. As part of the Pre-Training Review, we ask questions about your digital capability and access to technology. We use the answers to these questions to determine whether the course is suitable for you, and to identify additional if you will require any additional support to undertake the online component of the qualification.

Further, prior to the commencement of your online learning you will undertake a digital literacy assessment. The outcomes of this will be used to determine whether you will require any additional support to undertake the online component of the qualification.

Berry Street RTO uses a learning management system (LMS) for online course delivery.

The following are the minimum information technology requirements to enable optimal access to the LMS:
